NEWS FROM ALL POINTS.

(By Special Telegraph.)

Qu'Appelle, May 2nd.

The Old Story.

Martina, McLean, a domestic, aged twenty-two, shot Nathaniel Hutchison, a mechanic, in Toronto on Tuesday, then attempted to poison herself. She charges Hutchison with her betrayal. Both will recover.

Incendiarism.

Half the town of Treherne, Man., was burned by incendiaries on Tuesday, after two former unsuccessful attempts.

Will Resign.

It is rumored that Chapleau will resign from the Ottawa Cabinet in order to accept the leadership of the Quebec local Conservatives.

More Rumors.

It is also rumored that Duncan McIntyre will enter the Mercier government.

Body Found.

A farmer named Hinch was lost in a storm on February 3rd, near Beaulah, Man. His body was found in a snow-drift last week.

Recovered Damages.

Ashtown, who sued the Free Press for \$10,000 for malicious libel, got \$500.

New Clause.

After considerable discussion in the Senate, a clause has been inserted in the new Northwest bill providing that after next election the Assembly shall have power to repeal all prohibitory clauses and legislate on the subject. Senator Girard wanted the districts of Batoche and Edmonton divided so as to give the French a representative. Perley replied and said that in no section of Canada was the French better treated than in the Territories. Belrose thought it was evident that constituencies in the North West had been cut up so that the French and half breeds have no representative. Finally, after some discussion, Girard decided to withdraw his amendment. The other clauses passed.

At the Calgary and Edmonton Railway bill caucuses before Parliament on Thursday, Sir John will recommend the same and as granted the Regina and Long Lake Railway.

Anniversary Dinner.

Gen. Middleton attends a dinner in Toronto, given by the members of the Royal Grenadiers on May 12th, to commemorate the anniversary of Batoche.

Motion Carried.

Blake moved that "It is expedient that the Government should refer provincial acts to the Courts before disallowing them. He said it was necessary this should be dealt with this session. Sir John said in case of any opinion expressed by the Courts with respect to provincial legislation, the Government would still be responsible for the exercise of the veto power. The motion was carried unanimously.

The Ottawa Elections.

McIntosh, Conservative, was elected by 50 of a majority over Hay, Equal Rights, and 1,100 majority over Chrysler, Liberal. The result was a surprise to old politicians, who were unable to account for the large vote polled by Hay.

Commenced Work.

Mr. Stewart, C.E., and his staff of engineers have begun work on the Calgary and Edmonton road.

Went to England.

The Newfoundland delegates have sailed for England to secure a settlement of the French fisheries trouble.

Incorporated.

The Canada Settlers' Trust and Loan Co. has been incorporated in England for the purpose of loaning money in Manitoba and the Northwest. Their rate will be 7 or 8 per cent.

Bill Passed.

The new Territorial Bill has passed the Senate. Belrose made a strong effort to have that part which provides that the Legislature will ultimately decide the fate of the French language in the Territories, but was defeated by a vote of 46 to 7, amid hisses from the French.

Thrown Out.

The Combines Bill was thrown out by the Senate.

Defeated.

Charlton's motion that the Jesuits' Estates Act should have been reported to the Supreme Court, was defeated by 130 to 32.

DUCK LAKE.

The first meeting for the election of School trustees for the Protestant school took place here yesterday, when the following were elected, H. McCleneghan, H. Kelly, and W.J. Poyer. The trustees are anxious to get the school in operation as soon as possible.

Sandy Thomas, Indian Interpreter, met with a serious accident on Wednesday last. He had been working with a team and they took fright and ran away, throwing Thomas from the wagon. The wheels passed over his body, breaking several ribs and otherwise injuring him.

Mr. H. Mitchell, M.L.A., arrived home on Monday evening last. It is not so that he is married.

Seeding his finished in this district. The acreage will not be nearly as heavy this year, owing to the scarcity of seed. A great many have already put in their potatoes.

Only two applicants from this district were awarded seed grain and these would not go after it claiming it would cost more to go for it than it was worth.

The Gerrard Brewing Co. (Ltd) outfit passed through town on Thursday, en route to Saskatoon.

The ferry at Batoche was put in on Tuesday last, and Alex. has been kept hustling ever since.

The river is very low.

Mr. Kerr is in town engaging men to put fire breaks around the ties on the right of way.

Mr. W. Finlayson has been transferred to Victoria. Mr. Guinout, late of Pitt, relieved him.

Carpenters from Regina arrived by last stage to erect the residence of the gentlemanly Indian clerk of the reserve.

SASKATOON.

Capt. Ross' grading outfit crossed the South Saskatchewan at Saskatoon on Tuesday and will commence operations on the Prince Albert Branch next Monday. This will be the first work on the west side of the river. Madigan has also a contract on this side. Work is not being rushed so vigorously on any section of the railway as last year, the force employed up to the present being small.

C. Biggar, C.E., of the C.N.W. Central survey, is locating a line between the two rivers to the elbow of the North Branch, where it is proposed to cross and locate, thence on the north side of river direct to Battleford. This will involve two crossings of the north Saskatchewan, but it is thought the extra cost of bridging will be more than met by the shorter route and better country on the north side.

Regular freight and construction trains are being run daily from Regina to end of track, about thirty miles from here.

Officials of the company say the iron will be at Saskatoon by the first of June.

J. F. Betts, M.L.A., passed down to Regina via Saskatoon last week to attend a meeting of the Advisory Board.

D. H. Macdowell, M.P., and Hillyard Mitchell, M.L.A., the former from Ottawa and the latter en route from England, came in from Regina on Sunday night and proceeded home on Monday.

SCHOOL BOARD.

A special meeting of the trustees was held on Monday evening at the school. Present—Messrs. Johnson, Macarthur, Davis and Gunn.

A telegram was read from Mr. Snell declining the appointment of teacher in High School, which was tendered him.

On motion of Messrs. Gunn and Macarthur, Mr. Mustard of Uxbridge, Ont., was appointed and the Secretary instructed to wire him.

Accounts were received from the following: Dominion Government Telegraph Service, \$1 50; F. Hutchinson wood, \$71; Mail Printing Co. \$1 89; Globe Printing Co. \$1 80; T. J. Agnew, 75 cents; E. J. Cann, \$3. 50; Caretaker of West End School \$1 50.

On motion of Messrs. Davis and Gunn they were ordered to be paid.

The Board then adjourned till next regular meeting.

GENERAL NEWS.

OTTAWA, April 20.—Messrs. Sutherland, Ross, Daly and others had an interview with the Government regarding the Hudson's Bay road. Whatever the Government will do in regard to the matter will be announced this week.

It is said on good authority that the local elections will be held in Nova Scotia on the 15th and 22nd of May, in Ontario on the 5th and 12th, and in Quebec on the 10th and 17th. It would appear that there is some understanding between them and that Mowat takes the lead.

MONTREAL, April 20.—A meeting of the Dairy Farmer's association was held yesterday, at which a large number of French and English members were present. The by laws were being read, when the French members demanded that they be printed in French also. The English members objected on the ground of expense, and the French contingent acceded and are now about to form an association of their own.

MONTREAL, April 19.—Lieut.-Col. Dugas, commander of the Sixty-fifth French Canadian regiment, who was charged by the English press during the Riel rebellion with theft and other crimes yesterday received a verdict for \$10,000 damages against the newspaper *Le Monde*, which ridiculed Dugas' condition during the rebellion and charged him with cowardice.

WINDSOR, April 20.—The board of health has been notified that diphtheria is raging in and around Tecumseh, that children are dying in large numbers and that nothing is being done to stop the disease. The corpses are carried into the churches, and public funerals are held. The board will take steps to quarantine all those coming from the affected places.

HALFAX, N.S., April 20.—The sealing schooner *Sphinx*, of Bay St. George, has arrived at North Sydney and reports the loss of a boat and two men named Joseph Canfield and Peter Bellows, belonging to the schooner. The boat got separated from the vessel during a gale.

TORONTO, April 20.—Public School Inspector Hughes says he is determined to contest Peel in the Conservative interests for the Ontario Legislature notwithstanding the opposition of some members of school board.

WATKIN, Ont., April 20.—A man named Jones fell off a fishing boat near Squaw Island to-day and was drowned.

HAMILTON, April 20.—South Westworth Conservatives have nominated C. D. Potts, as their representative for the Ontario Legislature.

COBOCONGO, April 19.—B. Evans' hotel was burned and the British American damaged. Loss \$8,000.

LONDON, April 20.—A terrific explosion occurred in a powder mill situated on the outskirts of Linden, Hannover, yesterday. The building in which the powder ignited was blown to atoms and two men were torn to pieces. Upwards of a dozen employees were injured some of them it is thought fatally.

LONDON, April 20.—A packing case purporting to contain toys and consigned to an unknown address in Berlin, exploded in the railway station at Mannheim to-day, killing one man and injuring several others.

SYDNEY, N.S.W., April 19.—The Darling river continues to rise, and the increasing flood is causing much damage. The town of Burke is completely submerged.

GIVEN AWAY!

Any one sending \$1 to the Canadian Agriculturist, Peterborough, Ont., will receive that splendidly illustrated journal for one full year, and two beautiful pictures, which are guaranteed to be worth much more than the price of the paper. These pictures are not cheap chromes, but are positively the finest goods offered by any publisher. The Canadian Agriculturist is a large 32 page journal, of continental circulation, which ranks among the leading agricultural papers. It treats the question of economy in agriculture and the rights and privileges of that vast body of citizens—the farmers—whose industry is the basis of all material and natural prosperity. Its highest purpose is the elevation and ennobling of agriculture through the higher and broader education of men and women engaged in its pursuits. The regular subscription price of the Canadian Agriculturist is \$1 per year.

The Home department is ably conducted. Short stories, fireside recipes and guide to the management of home and kitchen, are prominent features of

this excellent home paper. Send \$1 and get the paper for a year and two handsome pictures that are an ornament to any parlour. Address: The Canadian Agriculturist, Peterborough, Ont.

SLAKE PLAIN.

Spring work has now begun on Mistawasis', Petequaky's and Atakakoo's reserves, and although a little later than in former years, we have every hopes of a bountiful harvest.

The Indians are taking more interest in their work than on former occasions, awaking to the fact that they must try and do something for themselves by farming.

From information lately received from Ottawa we are pleased to hear that a Post Office is to be established here, and no difficulty will be found in obtaining a suitable postmaster.

Word was also received that the Surveyor General intends having the lands outside the reserve surveyed, which will be a blessing to those who are already settled and to the different parties that are waiting to take land after the said survey is made.

The Indian women that went off to a little above Carlton on the river, have returned with a large amount of maple sugar from which they derive a great profit.

OPEN THE BAY.

Comments on Mr. Chas. Mair's Great Poem.

The following letter appears in the Ottawa Journal:

EDITOR JOURNAL.—You have given to your readers a poem of great beauty, both as regards purity of diction and lofty conception from the pen of a deep-thinking correspondent of the Toronto Week, C. Mair, a poem fraught with noble aspiration for the well-being of this Canada of ours.

Open the Bay will be read and echoed far and wide, for Hudson's Bay has been a "sealed book" too long. Open the Bay, and let not private interests (as in the past,) interfere to prevent the consummation of an enterprise that would bring untold blessings in its train.

Open the bay and let the teeming population of the United Kingdom and Northern Europe, find homes on our boundless prairie and other lands that in a short time, with a little honest labor, could be converted into homesteads "ripe with golden grain."

Open the bay, for appliances of steam, electricity and other forces of the present day will overcome difficulties that in the past were supposed insurmountable.

Open the bay and let the riches of the East find a transit to our western domain; and thence to the shores of the old country and to Europe at as little cost of time and money as possible.

Open the bay and let it not be supposed that it will operate to the disadvantage of existing means of communication for it will so enlarge the sphere of operations as to give an impetus to every industry that tends to the well-being of the people at large.

Open the bay and you secure the nearest and most valuable communication to meet any contingency that may arise in the distant future.

The construction of the Canadian Pacific railway was held as a dream of the visionary a few years since, but, thanks to the "master mind" and his able coadjutors, it has become an accomplished fact, to the admiration of all lovers of progress. The iron band now connects the Atlantic and the Pacific, and the dream of Aladdin has been consummated in the comparative annihilation of time and space.

And now, preadventure, some good "geni" may again "rub the lamp" and transform the vast domain of the north and west, into a land giving happy homes to all who will follow. Eop's advice and seek for the golden treasure in the soil they may inherit, both agricultural and mineral.

There is no country under the sun that has progressed so rapidly within the last forty years as this same "Canada of ours," and with willing hearts and hands and with a healthy emigration, Canadians will show in the future that they can fully appreciate the good gifts that have fallen to their lot in the Dominion of Canada.

The building of the bridge across the Battle River at Battleford is, according to the *Herald*, furnishing employment for a large number of teams and a great many men that would otherwise have remained idle the entire spring.

PALMO-TAR SOAP

UNEQUALLED FOR NURSERY PURPOSES

SKIN AND SCALP DISEASES

Price 25c Large Cans. All Druggists. J. DAVIS & COMPANY, 100 MONTREAL STREET.

Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectation and causes the lungs to throw off the phlegm or mucus; cleans the secretions and purifies the blood; heats the inhaled parts; gives strength to the trachea; opens the lungs; brings the liver to its proper action, and imparts strength to the whole system. Such is its immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it, if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

LOCAL HAPPENINGS

In Our Midst.

Mrs. Beeton's book of Household Management, at Cann's bookstore.

There is no place you can spend a dollar to better advantage, than at F. C. Baker's. He won't be undersold.

Angus Thompson has gone on a visit to relatives at McKenzie's crossing.

Mr. Stovel, dentist, intends visiting Saskatoon and Battleford shortly on business.

W. J. Pozer, manager for Stobart and Co., at Duck Lake, gave us a pleasant call this week.

R. Deacon is busy preparing his tug the Mary Ann for service on the river this summer.

Rev. Peres Dommeau and Nassens went out to St. Laurent on Tuesday last on a clerical tour.

Angus Cameron and Mrs. Cameron, of Willoughby, spent last Saturday with their children in town.

Major Hoey, M. L. A. for Kinsistino, arrived in town Thursday. He was accompanied by Mrs. Hoey.

Five dollar suits of clothes, and \$1 overalls, are what surprises everybody. See them and you will buy them at F. C. Baker's.

W. C. Robinson, foreman for Madigan, arrived in from the camp on Sunday last. He left again for Duck Lake on Monday evening.

W. Fawcett will shortly commence the manufacture of brick on a much larger scale than hitherto carried on in Prince Albert.

Rev. Mr. Harrison, Methodist Minister of Regina, is expected to preach and lecture in the Methodist Church in this town shortly.

Sergt. Gordon has severed his connection with the N.W.M.P., and will engage in stock farming in this district. We wish him success.

Seeding operations have been going on during the past ten days and the prospects of a bountiful harvest is putting the farmers in good spirits.

Assistant Commissioner Herchmer, of Regina, arrived at Batoche on Sunday last by mail stage, and on Monday came into town from there by police conveyance.

John Offord is being assisted by property owners in the neighborhood in building a new road to the waters edge, in front of J. M. Campbell's store, River Street.

Geo. Russell, commander of the Prince Albert ferry, successfully launched his craft on Wednesday, and travellers have now the privilege of paying their way across the creek.

Engineer Levy who has had charge of the Northwest the past three seasons, arrived by Monday's mail and will proceed to Cumberland on the snow now being built at East End.

Hon. Mr. Justice McGuire and party, composed of Mr. Jas. McKay and Sheriff Hughes, have gone to Battleford for the purpose of holding a sitting of the Supreme Court in that town.

A large supply of Fresh Vegetable Seeds just arrived at T. E. Jackson's Parties requiring Dutch Sets, Potato or Top Onions will do well to leave their orders now, so that they can be filled out of the time to arrive.

The ice in the Saskatchewan which has been lingering with us so long started moving on Sunday April 27 and on Tuesday morning the river was entirely clear of ice. The water, which did not rise very much, is now falling rapidly.

Trooper and Redskin; by F. G. Donkin (late N.W.M.P.), at Cann's bookstore.

A proposal will shortly be submitted to the Town Council and Board of Trade by an enterprising young business man of this town to have a large quantity of envelopes printed on the back setting forth the attractions of the Saskatchewan district and town of Prince Albert to intending settlers and others. Application will be made for a small grant to cover cost of printing, etc., and will then be sold to merchants and those who may wish them at a very slight advance of the usual cost of the envelopes. The scheme is a good one and will no doubt receive favorable consideration.

ADVICE TO MOTHERS.
Are you disturbed at night and broken o your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of **MRS. WINDLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING**. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. **MRS. WINDLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING** is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the U. S., and is for sale by all druggists throughout the world. Price 25c. a bottle.

You can get your photo taken as natural as life at Caldwell's gallery, and don't you forget it.

Hon. E. Dawdney denies the statement that the Lead Board will be removed from Winnipeg, and in answer to Mr. Watson informed that gentleman that he was going to Winnipeg after recess to look into the whole matter.

Water permitting, the boats of the Winnipeg and Western Navigation Co., will make one trip up the South Saskatchewan to Saskatoon, returning with freight and will ascend the North Saskatchewan as far as Edmonton, making regular trips from Prince Albert to Edmonton hereafter.

The *Winnipeg Tribune* says: "An interesting group was seen standing in the C.P.R. waiting room at Winnipeg recently. There was an Indian, an African, a Japanese woman, a Chinaman and several representatives of European countries. When Prince Albert is the southern terminus of the Hudson Bay Railway items like the foregoing will be in order for our newspapers."

According to the Police Commissioner's report Regina is better supplied with water than any other post. The facts do not bear out this statement however. There should be no trouble whatever in obtaining an unlimited supply of good water at the Prince Albert barracks. There are numerous fine flowing wells all along the brow of the hill upon which the barracks is situated and if it is not the case now, a comparatively small outlay would supply them with an abundance of good water.

A meeting of the Board of Trade was called for and held on Monday last. The President, Hon. L. Clarke, occupied the chair. As the meeting had been called in a somewhat informal manner, it was decided after the election of part of the officers, to adjourn to some other date, when the proceedings could be endorsed. The officers elected were—President, J. Macarthur; Vice President, J. Stewart; Secretary, Dr. Jardine; Treasurer, J. L. Johnson. The meeting then adjourned till 3 o'clock on Wednesday next, May 7th, at the same place.

The latest issue of the *Dominion Illustrated* (April 12) contains some illustrations that all Canadians should prize. "Our Pet and Her Pets," the opening full page engraving, is a really charming picture, chief figure being the grandchild of a Canadian poet. The "Walker of the Snow," by Mr. Blair Bruce, is made more telling by Mr. Shanley's spirited poem. "Moving Day" is a seasonal and interesting to all. Views of the Chaudiere Falls, of the Cascade in the Selkirk and the Big Pie bridge (north of Lake Superior) will gratify all lovers of their country. A portrait of Mr. Miall, Deputy Minister of Inland Revenue, and a fine view of the Western Departmental Buildings, Ottawa, complete a really good number. Address: *The Dominion Illustrated*, 73 St. James street, Montreal.

DRAMATIC CLUB ENTERTAINMENT.

Sometimes dramatic club performers, concert singers, etc., are more highly appreciated than their ability warrants, but—and it is a very large but—this statement does not hold good nor can it be said of the entertainments given by the Dramatic Club and their able lady assistants at the barracks on Wednesday and Thursday evenings of this week. The large number of citizens who were fortunate enough to obtain seats on both evenings were loud in their praises of everything in connection, and those who were instrumental in the successful ending were the recipients of many warm encomiums. "Byron's Soldiers," as produced, was a remarkably clever representation of this well-known drama—too well known to require description—and it is quite sufficient to say that each performer was all that could be desired in their several parts. The *dénouement* gave all a chance to display considerable histrionic ability, and the performance as a whole demonstrated the fact that we have in Prince Albert much dramatic talent of no mean order. A farce, "Ici on parle Français," portraying life at a fashionable watering place, to which no further praise need be added than to say it was equally as well done as the preceding piece, concluded a programme brimfull of interest and fun for all present. Not the least by any means important factor in adding to the enjoyable evening was the music so unstintingly supplied by Mrs. Perry and the band of F Division. The receipts, which were large, go to defray the cost of the instruments recently purchased by the band.

MR. MACDOWALL'S ARRIVAL.

Mr. Macdowall, M.P., has arrived home in Prince Albert, after an absence of three months spent in attending this session of Parliament. He has the honor of being the first through passenger via the new railroad, having left the southern terminus on Saturday night and reaching Prince Albert Tuesday evening, an important difference in the time usually taken between this place and Troy, the old route. Mr. Macdowall, during the course of an interview, stated to a *Times* reporter that there was no room for doubt as to the Hudson's Bay road going on, and that it is now but a question of arranging details until work upon it actually commences. Before leaving Ottawa Mr. Macdowall was informed of the intention of Prof. Saunders to visit Prince Albert this summer for the purpose of establishing an experimental farm in this district. The reporter was further informed that immigrant sheds will be immediately erected as soon as signs of immigration manifest themselves. Perhaps the most important news to our people is that the work on the Q. L. L. & S. Railway is being pushed forward with renewed vigor, owing to the fact that several of the contractors having work on the Battleford Branch being anxious to push on to that work. During the early summer, three townships are to be surveyed in the Shell River district, thus affording the incoming settlers an opportunity of locating in that most favored locality. Several prominent statesmen signified their intention of paying a visit to the Saskatchewan capital this summer, among the number some well known capitalists, and it is Mr. Macdowall's opinion, and there can be no small doubt as to its correctness, that the H.B.R. being built, our own district connected with the world by steel rails, with the other railways now in course of building, together with a vigorous immigration policy—if only a good harvest follows—the Northwest is about to enter into an era of unprecedented prosperity.

Maxime Lepine of Red River rebellion fame, is now assisting Father Beaudry in locating settlers in Manitoba. He has reversed his former position of 1870. Then his efforts were directed towards keeping people out of the country.

LONG LAKE RAILWAY.

About 100 men are now engaged along the line, leveling up the road bed, and putting in new ties on portions of the road that was only partially tied last fall.

Track-laying has commenced. Grading well in advance of the track, but will be pushed forward again as soon as the ground is fairly dry.

Ties, bridge material and station timber are arriving from the west every day.

A train leaves for the north every morning, and frequently one goes out in the afternoon.

METEOROLOGICAL.

The following are the thermometer readings, as taken at Emmanuel College, for the past week:—

April	MAXIMUM	MINIMUM
" 20th	46	7
" 21st	40	32
" 22nd	52	30
" 23rd	49	26
" 24th	37	27
" 25th	43	4
" 26th	61	28
